IMPACT OF GREEN DEAL ON THE EUROPEAN TRANSPORT SYSTEM

UITP perspectives on current EU issues

Mohamed MEZGHANI, UITP Secretary General

**European Green
Deal**

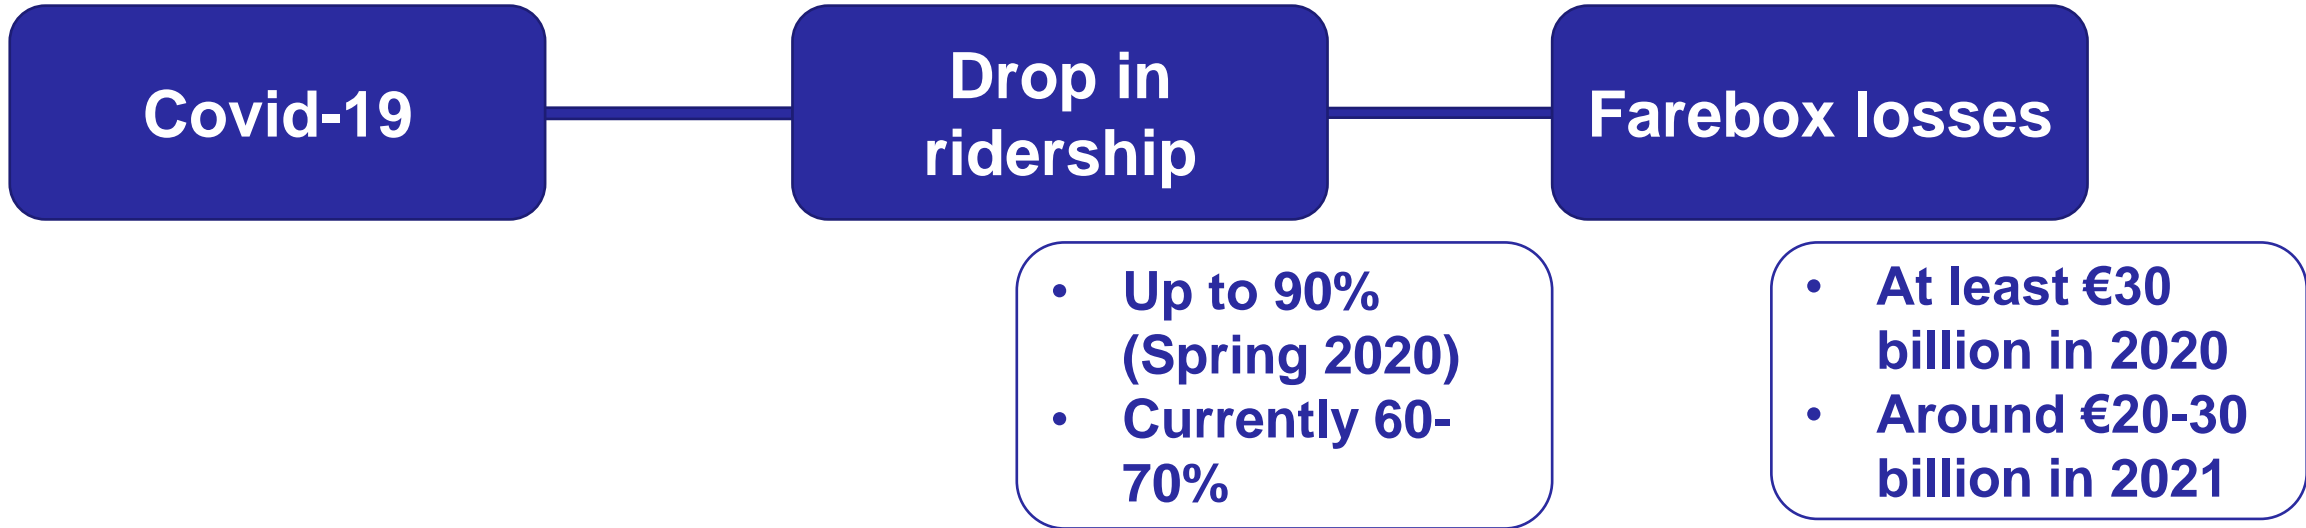

**Smart and
Sustainable
Mobility Strategy**

**Fit for 55
Package**

**Upcoming Urban
Mobility
Framework**

**UITP has been urging the Commission
to give a prominent role to public
transport & sustainable mobility**

Public transport maintained essential services

Importance of financing and funding opportunities

Local collective mobility must be lifted to the top of the political & financial agenda

Opportunity to rethink existing financing structures after the pandemic

Urban mobility has to change substantially and fast

CONCLUSION

- ‘Business as usual but greener’ is not enough
- We need to rethink our transport and mobility choices
- Priority must be given to more attractive multimodal public transport offer and more opportunities for active mobility
